Hörmann North America Opens New Facility in Oro-Medonte Ontario Canada

On October 1, 2025, Hörmann North America opened the doors of their newly constructed building at 21 Winstar Road, Oro-Medonte, Ontario Canada. All Canadian manufacturing operations were moved from their original location in Barrie, Ontario, just nine miles away (14.8 kilometers). The new 120,000 square foot facility is home to offices for administration services, sales and technical support, engineering, and state-of-the-art manufacturing for rubber doors and the CHILLFAST high-performance freezer door. Hörmann has been growing its presence across the continent since 2006, and construction of this new facility exemplifies their investment commitment in North American operations.
