Panel Features

The Industry Leader in Innovative Door Safety, Luxury, and Selection

Tongue & Groove Section Joints **1**

Precisely designed section joints reduce air infiltration and create weathertight seal.

Anodized Aluminum Frame **2**

Frame members are mechanically fastened at joints creating an exceptionally high strength door frame.

Optional Insulation **3**

Options include (EPS) polystyrene insulation in the door frame as well as insulated glass.

Glass panels **4**

Clear tempered glass is standard and many other options are available.

Bottom Weather Seal **5**

Keeps out wind, rain, debris and other elements for added energy savings.
