### PANEL DESIGN OPTIONS

### SAFETY, DURABILITY, EFFICIENCY

Black satin, dark bronze, brushed nickel, and white never looked so good. These contemporary panel colors are standard on the Modern Tech 3550 and have the refined appearance of aluminum though are smooth, heavy-duty 24-gauge steel.

### Tongue & Groove 1 Section Joints

Precisely designed thermally broken section joints reduce air infiltration and create weathertight seal.

### Aluminum Retainer

Hörmann minimizes floor corrosion by utilizing an aluminum bottom seal retainer that never rusts and is more durable than brittle plastic retainers.

#### Sandwich Construction

3-layer steel front and back construction with insulating polystyrene core increases energy savings.

## Bottom Weather 5 Seal

Keeps out wind, rain, debris and other elements for added energy savings.

#### Smooth Steel Texture

Heavy-duty 24 gauge steel exterior skin comes in four attractive colors.

Modern Tech panels are produced in smooth heavyduty 24 gauge exterior skin. All doors are customizable with 46 panel and window combinations and include high quality painted aluminum frame with clear annealed glass.
